## INFO

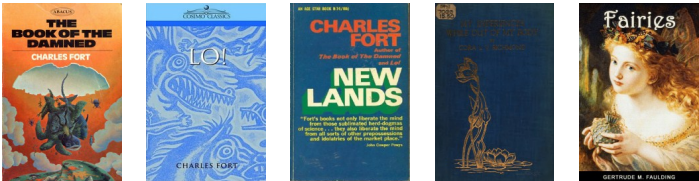

This was the last [book published by](#) Charles Fort. The 'Wild Talents' in the title refers to things such as dowsing, fire-starters, telekinesis, etc, as well as poltergeists. An [interesting](#) thing about this book is that Fort

- THEOSOPHY
- BROWSE ALPHABETICALLY
- BROWSE ALL

proposes that people with these capabilities will be eventually used by the military. In 1933, this idea was probably laughed upon, but we all know now that the Military delved into the realms of remote viewing and parapsychology.
